The bicyclists who sat in conference at Guthrie last Wednesday were too indolent. The conference was held in the cycliste club rooms and there was fear that the Brussels cycliste would be badly mated. The early conference seem to have been absent, however, as the couples were unseparated. The cycliste couple all example.

TESTIMONIALS

XXXX

From the Mayor of Guthrie

Guthrie, Okla., Dec. 18, 1900.

This is to inform that I am well acquainted with Dr. Dillard, that I have known the cause of his removal of the liquor habit. I know Mr. Feltus, Mr. Wren, Mr. Martin and others that he has so sound a character that he is not afraid of a single failure. I consider him the best medical treatment on the liquor habit.

JOHN P. HARVEY

XXXX

Guthrie, Okla., Aug. 24, 1900.

On the second day of October, 1900, I commenced taking the Dillard treatment for morphine and cocaine habit. When I commenced the treatment I weighed 160 pounds, my weight now is 200 pounds. I used morphine for 10 years and was cured in 15 days. Dr. Dillard cured me from the cocaine habit. No longer can express the many thanks to Dr. Dillard for what he has done for me, he also cured me of a long standing case of asthma. I had been treated by several eminent physicians and all failed to cure me. I am now in good health all by treating to Dr. Dillard.

J. J. OAGAN

HOWARD, Okla., Aug. 18, 1900.

To Dr. Wm. H. Ring, D.M.D.
This certifies that on the first day of August, 1898 I took the Dillard treatment for the liquor habit. I have no desire for whisky and never feel better in my life. Have gained 15 pounds and have worked every day since I left the doctor. I was with him one week. I can work hard all day and it does not tire. I would not be back where I was three weeks ago for \$1,000, and I can say so cheerfully recommended the Dillard treatment for the liquor habit.

JOHN A. MORSE

XXXX

On the first day of September, 1900,

I took the Dillard treatment for liquor habit. I drank whisky excessively for about twelve years. I was considered almost a total wreck and had reached a point that there had to be something done. I was introduced to Dr. J. W. Dillard, the specialist, and commenced to take his treatment immediately. At the end of the first week's treatment I am still six feet from all dealers or intoxicants. I have no desire for liquor and am in perfect health. I advise everybody who is addicted to the drink habit to consult Dr. Dillard.

CHARLES W. WINSTON

OKLAHOMA CITY, Okla., Dec. 24, 1900.

I can truthfully say without fear of being successfully contradicted that the Dillard treatment for the whisky habit is a thoroughly successful one. It has most effectually cured me and I was a pretty hard case. I have gained flesh continuously since leaving Dr. Dillard's care, feel excellent and recovered ambition that has been dormant for years. It is worth one hundred dollars the price, and then the half has not been told. I will cheerfully give my experience to anyone desiring it. If you want to do yourself an everlasting favor and win the respect of the community you live in take the Dillard treatment as soon as possible.

CHARLES W. MAINE

XXXX

On August 18th, 1900, I began treatment for the liquor habit. I had been drinking a quart or more of whisky daily for some time and had been addicted to the habit more than 20 years since taking the Dillard treatment I am still six feet from all dealers or intoxicants. I have gained 20 pounds in weight and am in perfect health than I have for years. I cheerfully recommend the Dillard treatment to afflicted with the liquor appetite. Very truly yours,

W. H. VINEAU
